

# STATE FOOTBALL

## DID YOU KNOW??

Only about 2% of high school athletes earn a sports scholarship to a NCAA school.

### FOOTBALL

6%	of high school senior football players will play in college	1 in 16
1.7%	of college football seniors will be drafted by the NFL	1 in 50
.08%	of high school seniors will be drafted by the NFL	1 in 1250

### Basketball

3.1%	of high school basketball players play in college	1 in 35
1.2%	of senior basketball players will be drafted	1 in 75
.03%	of high school basketball players will be drafted	1 in 3333

### Women's Basketball

3.5%	of high school basketball players play in college	1 in 33
.9%	of senior basketball players will be drafted	1 in 100
.03%	of high school basketball players will be drafted	

### Baseball

6.4%	of high school baseball players will play in college	1 in 17
8.9%	of senior college baseball players will be drafted	1 in 11
.44%	of high school baseball seniors will be drafted	1 in 2000

## THE BOTTOM LINE:

The odds of playing a college sport are minimal  
and the odds of earning a scholarship are even worse...

Your best bet of capturing money to attend college is to **succeed in the classroom.**
